Internet

Richard Heyman is doing a great job with our website. To access it go to the bar on top of the internet page and type in www.vccc.com , that should bring up the Vintage Car Club of Canada website, then click on Chapters A-M and then onto Central Fraser Valley. Work your way through the different headings. If you have something you would like to contribute or would like to see on the site, please contact Richard Heyman.

Equipment Inventory

Over the years the club has purchased a variety of items like signs, canopies, coffee making equipment and many other things. We, the present executive, do not know what we own or where it is located. This would save us from making duplicate purchases and also, if anyone wanted to borrow something we would know who to talk to. I will attempt to create an equipment list and publish it monthly in the Crankshaft Journal so everyone knows what we own and how to access it. This will take a while to establish and I cannot do it without everyone's help. I will start the list and hopefully you can let me know if you have anything that belongs to the club.
