VCCC –Central Fraser Valley Chapter
General Meeting Minutes
Sept 2nd 2015

Rick Unger Call to Order at 7:32 PM

Welcome all and thanks for coming out this evening to our September general meeting. Given that the Labour Day holiday is next weekend, some members may still be on vacation. After a very busy summer of activities, both VCCC related and the numerous other events every weekend all summer, the hobby is very alive and well. With the consistent great weather, it was possible to plan longer road trips or just take the car out for an ice cream every evening!

The purpose of our monthly general meetings is to not only get together socially, but to conduct the important necessary business essential to the success of our chapter and to follow the constitution of the Vintage Car Club of Canada.

Are there any guests this evening (VCCC National past president Derek Long?)
Welcome!

New cars acquired recently Frank Mahovlich 2 new Thunderbirds

This is also a good time to mention something from the recent Aug/Sep issue of the Vintage Car Magazine: the Chapter report from the Victoria Chapter correspondents Don & Delores Stevens went into great detail on their positive experiences at the May Tour, including Don discovering a 1947 International 7Up delivery truck at the Atchelitz Museum he had driven during a summer job as a student.

Director's meeting report: held at Roy and Sue Shull's residence last Wednesday

-M/S/C by directors and after consultation with chairs Jack and Ray to refund National's \$2K seed money for May Tour

-discussion on numerous ideas on how to best utilize the profits from the May Tour (and significant balance in our general account) to best benefit the club and our members; no big panic to spend a bunch of money immediately, but decisions will be made in the near future; if any club members have ideas or suggestions please forward to myself or a member of the executive. Having a good bank account is certainly better than the alternative, but as you know too much money can also cause issues within the club.

Good & Welfare

Always remember that you are absolutely unique, just like everyone else.

Equipment Inventory

Over the years the club has purchased a variety of items like signs, canopies, coffee making equipment and many other things. We, the present executive, do not know what we own or where it is located. This would save us from making duplicate purchases and also, if anyone wanted to borrow something we would know who to talk to. I will attempt to create an equipment list and publish it monthly in the Crankshaft Journal so everyone knows what we own and how to access it. This will take a while to establish and I cannot do it without everyone's help. I will start the list and hopefully you can let me know if you have anything that belongs to the club.
