The official news letter of the
Central Fraser Valley Chapter
of the Vintage Car Club of Canada

Rick Unger's 1948 Chevrolet

VCCC –Central Fraser Valley Chapter
Mar 2nd 2016 General Meeting Agenda

The meeting was called to order. V.P. Earl Smith was thanked for chairing the Feb. meeting as Rick Unger was not available to attend. I was welcomed back as Willie and I were down south for 6 weeks and as Donna is still in Arizona I had the responsibility of taking the minutes. Robyn Ferenczi and Jean Clingwall were thanked for taking minutes at the Feb. meetings.

Lots of help is needed for the upcoming Country Car Show so find something you won't mind doing and sign up for it. A sheet was circulated with the attendance book.

There were no guests or new members attending the meeting

The "heritage evening" concept has been postponed until next year as it is our 35th anniversary. This will give us the opportunity to gather more data for the event. Scrapbooks and old Crankshaft Journals are 2 things to keep in mind.

Ron Eyben was acknowledged for his auctioneering efforts at the Feb. meeting and to the members who generously raised \$280.00 for the Abbotsford Food Bank . John Welsh had suggested the idea so thanks go out to everyone for supporting this.

Richard Heyman brought a 16MM film to share with the club a film Titled:- Cooperage produced by Philip Borsos in 1991. This was his first film after leaving Vancouver School of Art (now Emily Carr). It featured the Sweeney Cooperage, manufacturing wooden barrels in a plant in False Creek, Vancouver. It showed the assembly process which is the same since the completely family operation was founded in 1895, by Leo Sweeney. It was at one time the largest barrel making company in the world and the barrels were shipped all over the world.

A reminder the club is still looking for someone to be in charge of organizing the monthly entertainment for our meetings.

Minutes of the Feb 3rd 2016 general meeting was circulated in the Crankshaft Journal – no major errors or omissions and a motion to accept Ron Eyben and Mike McVay

Equipment Inventory

Over the years the club has purchased a variety of items like signs, canopies, coffee making equipment and many other things. We, the present executive, do not know what we own or where it is located. This would save us from making duplicate purchases and also, if anyone wanted to borrow something we would know who to talk to. I will attempt to create an equipment list and publish it monthly in the Crankshaft Journal so everyone knows what we own and how to access it. This will take a while to establish and I cannot do it without everyone's help. I will start the list and hopefully you can let me know if you have anything that belongs to the club.
