The following quiz was submitted by Jack Woolard. Thanks, Jack.

# STRICTLY FOR CAR BUFFS

On these pages you will find 20 insignia that are used or were used on automobiles. Many of the cars so decorated have been out of circulation for years, and exist today only in the memory of car buffs or in automobile museums.

Write your identification of each symbol on the line directly below it.

A score of 4 is good; 6 is way above average; 7 is excellent. A score of 12 makes it clear that you know the history of cars. If you score 18, you are dubbed an expert.

(Note: this came from a non-car trade paper. The scoring system is too generous. If you can't get at least half right, then you had better leave the VCCC and take up tiddlywinks. Ed.)
