## Old Business – None

**New Business:** Prospera Credit Union was contacted regarding changing the signing authority. The Credit Union has new rules in place for unincorporated accounts:

- It is necessary for each signer to hold equity shares under their personal name at a cost of \$25.00 each. This would be returned to them when they resign as signers.
- It would then be necessary for each new signer to purchase shares

*Motion by **Regan Lewis** to have the club provide the funds (\$75.00) for Frank Nicolette, Hazel Coupland, and Gordon Taylor to purchase equity shares in the Prospera Credit Union for the purpose of becoming signers on the account. ## Paraprosookians - submitted by Gordon Taylor

### Paraprosookians

The first time I heard about paraprosookians, I liked them. Paraprosookians are figures of speech in which the latter part of a sentence or phrase is surprising or unexpected and is frequently humorous. (Winston Churchill loved them.)

1. Where there's a will, I want to be in it.
2. The last thing I want to do is hurt you.... but it's still on my list.
3. Since light travels faster than sound, some people appear bright until you hear them speak.
4. If I agreed with you, we'd both be wrong.
5. We never really grow up.... we only learn how to act in public.
6. War does not determine who is right, only who is left.
7. Knowledge is knowing a tomato is a fruit. Wisdom is not putting it in a fruit salad.
8. To steal ideas from one person is plagiarism. To steal from many is research.
9. I didn't say it was your fault, I said I was blaming you.
10. You do not need a parachute to skydive. You only need a parachute to skydive twice.
11. I used to be indecisive, but now I'm not so sure.
12. To be sure of hitting the target, shoot first & call whatever you hit the target.
13. Going to church doesn't make you a Christian, any more than standing in a garage makes you a car.
14. You're never too old to learn something stupid.
15. I'm supposed to respect my elders, but it's getting harder & harder for me to find one now.
