## CFV Chapter - VCCC Jan 7<sup>th</sup> 2015 General Meeting Minutes

The meeting was called to order by Rick Unger our President and he noted this was our first meeting of the New Year 2015. He noted that on behalf of the CFV Executive Committee he wished everyone a healthy and safe 2015. He thanked everyone who was responsible for the many Christmas events that took place.

There were no guests and no new cars or projects

The guest speaker Noel Cleveland a club member was introduced by Ron Eyben.

Noel spoke about Model A parts and accessories and he had a display of these items. He explained about Fords different requests and explained about all the different types of spark plugs. There was lots of interest and Noel answered many questions.

Mike McVay and Robyn Ferenczi moved for adoption the Dec.3 minutes

Dorothy Field our treasurer noted that the combinations of the 2 Christmas parties made a \$200.00 profit after all the various expenses so it was added to our bank balance. As the secretary wasn't aware of the mail Rick very nicely did it. We had received from Diane Strachan a thank you note showing her appreciation for supporting Mike. There was no feedback with regards to the letter from Byron Ramsay's proposed Vehicle Storage Facility. The SVA Annual newsletter was sent out electronically by Earl earlier in the week. The AGM is Mar 28, 11:00 – 2:00 pm. Rick had a newspaper article that Alyn Edwards had written in the Sun showing his completed car 1970 Chrysler 300 convertible that members saw last year during a car garage tour in pieces.

Membership renewals and name tag draw is being looked after by Gordon Taylor while Pat and Ron are south came up with the name L. Benze who was not present so the \$5.00 will be carried forward to the next meeting.

The R and R is being looked after by Cindy and Al Ganske in the amount of \$81.50 was won by John Neilson

## Equipment inventory

Over the years the club has purchased a variety of items like signs, canopies, coffee making equipment and many other things. We, the present executive, do not know what we own or where it is located. This would save us from making duplicate purchases and also, if anyone wanted to borrow something we would know who to talk to. I will attempt to create an equipment list and publish it monthly in the Crankshaft Journal so everyone knows what we own and how to access it. This will take a while to establish and I cannot do it without everyone's help. I will start the list and hopefully you can let me know if you have anything that belongs to the club.
